

BIRBETT ROAD, ELTHAM –KITCHEN RENOVATION, PATIO, GLAZING & K-REND

CLIENT: Birbett Road
SECTOR: Private
SERVICES: Structural, CAD, CDM, Supply & Install
LOCTATION: Eltham, London

A lovely semi detached house in South East London which needed sprucing up with one of our German kitchens, new flooring and other key interior elements. The team had also applied K-Render as well as new glazing to the porch and installed a bifold door to the rear with integral blinds.

The main priority was to have a new Kitchen installed with extra storage and to supply and install a new bifold door overlooking the patio area which was to be fully built by our team also.

Along with the gloss white Nobilia Kitchen supplied and installed the team installed porcelain tiling, a ceiling feature and updated the the staircase with glass balustrades which gave this a fresh and open look.

Another enjoyable project for us and the team making a big difference to the Kitchen and Patio space in which the client and his family are making full use of daily!
